Name: \_\_\_\_\_ Unit: \_\_\_\_\_ Parent on trip: \_\_\_\_\_

At Philmont, we will spend 11 days backpacking in the Sangre DeCristo Mountains of New Mexico. The set of trails we will hike are part of an **itinerary** that we will choose. In order to choose an itinerary, you must choose which activities and programs that you want to participate in.

**Rank the following in order of preference (1 = most preferable):**

\_\_\_\_\_ **Climbing the Tooth of Time only** - short to intermediate trek mileage (50 - 65 Philmont miles\*)

\_\_\_\_\_ **Climbing Baldy Mountain only** - short to intermediate trek mileage (50-65 Philmont miles\*)

\_\_\_\_\_ **Climbing both Baldy Mountain and the Tooth of Time** - intermediate to long trek mileage (65 - 85 Philmont miles\*)

\*A Philmont mile generally equals 1.25 to 1.5 of our miles so listed itinerary distances are not actual distances

**Choose your top 6 program choices from the list below.**
